TO THE PRESIDENT, EXECUTIVE BOARD, AND GENERAL DIRECTOR OF ICOM

The signatory Chairs of ICOM's International Committees, National Committees, Regional Alliances, Affiliated Organisations and Working Groups acknowledge with both sadness and concern the resignation of our President, Suay Aksoy. We wish to thank her for her relentless dedication and contribution to the work of our organization and trust that indeed her leadership "towards a progressive path which is not easily reversible" will carry forward to the next governance.

This is not a solitary event; in addition to the resignation of the President we have, over the last few weeks, become aware of several other instances of people resigning or leaving office; elected members of the ICOM Executive Board have resigned, appointed members have left the Museum Definition, Prospects & Potentials committees and the Legal Affairs Committee and one employee has left the ICOM Secretariat. We are very concerned about the underlying issues that may have led to these resignations and demand to know why they stepped down from their elected or appointed positions and how the ICOM Office will act in the period to come.

Upholding the shared values of democracy, transparency and respect for diversity of opinions, we ask, given the President's consent and provided that privacy is fully warranted, the following to be shared with us by 1st July 2020:

- the letter of resignation addressed to the Executive Board of ICOM on 19 June 2020 which the president refers to as including the motives for her decision,
- the minutes of all meetings of the Executive Board for the years 2019 and 2020,
- the minutes of the procedures behind the election of the new president and the disposition in the statutes that regulated the election.

Both the outgoing re-elected president and her appointed successor have referred to the shared values of democracy and transparency as fundamental core principles to guide our actions. It is in this spirit that we ask the Executive Board and the Director General to come before us and offer us any information that could possibly lead us to better understand the situation that prompted this resignation. It seems that to ignore these events is to fail in our responsibility to further the democracy and transparency we proclaim.

At such critical times, when our efforts are being multiplied in order to serve our respective bodies, sharing all possible tools and the most updated information, during these challenging times when we look to work ever more closely together, it would be

helpful for us to have access to all views and to collaborate in finding the threads that unite us so we can move forward together, respectfully, in understanding.

We, as elected chairs, request your responses and remain committed on behalf of our constituencies to work closely with the ICOM Secretariat, ICOM National, International and Standing Committees, Working Groups, Regional Alliances, Affiliated and all other organizations, together, to further the goals of ICOM.
